## **Hapkido Tots Martial Arts Program**

The Hapkido Tots Martial Arts Program was designed and will be taught by Master Wade Langin, 5<sup>th</sup> Dan Black Belt in Jin Jung Kwan Hapkido. With over 20 years of training experience and 17 years of full time teaching, Master Langin has specialized knowledge in developing different programs for specific needs and age groups.

We believe that the ages between 3 years and 5 years are the most important years in a child's development. The tots program is meant to be an introduction to martial arts with an emphasis on fun while establishing ideas such as discipline, flexibility, self defense, achievement and respect for themselves and for others. We encourage the students to have fun, explore their physical limits, without any focus on perfection or form, and give them the opportunity to learn in a fun and safe environment. With all the physical activity involved, the tots program is the perfect outlet for young children to release all the high amounts of energy they possess.

Students will learn the fundamental basics of martial arts including kicking, punching, blocking, rolling, stretching, and some basic self defense techniques. They will also learn to follow instruction, work with others, learn about discipline, and respect within the structure of the classes. We try to aim for the perfect blend of fun and learning in our martial arts program and enhance positive development in a fun and motivating way.
